

# Aluminum Weld Station MWS-AL

**PRO SPOT**  
QUALITY WELDING SYSTEMS

## Aluminum Weld Station

The Aluminum Weld Station is designed to meet all of your aluminum repair needs. The station includes a portable welding cart, accessories for aluminum dent pulling, and the AL-5 Capacitor Discharge Stud Welder. The welding cart includes a tool board, utility panel (air outlets, 110V or 220V electrical outlets), a work surface covered with a high quality textured rubber mat, heavy duty adjustable shelves, and a sliding drawer for storage. The AL-5 is designed for aluminum dent pulling and welding UHSS panels.

## Pull Bar Dent Removal System

Designed for both aluminum & steel dent pulling. Pro Spot's Pull Bar features a 4 & 6 jaw clamp and adjustable foot swivel pads for mounting both vertically & horizontally. The dent pull bar makes dent pulling extremely easy, quick & accurate. The pull bar can also adapt to the Pro Pull system for isolated dent pulling.
