

DUXONE[®]

+plus

*For greater performance
and economy...*

... see for yourself why it out performs the others

An Axalta Coating Systems Brand

Duxone® Plus 2K Clear • 5L & 20L

- Excellent gloss off the gun, maintains gloss overnight
- Versatility – suitable for full re-sprays and panel repair
- Simple 2:1 mixing ratio. No reducer required

Duxone® Plus 2K Primer • 4L

- High film build
- Excellent sanding qualities
- Versatility – depending on reduction levels, can be used as a filling primer at 4:1 with no reducer or a primer surfacer at 20% reduction

Duxone® Plus 2K Hardeners Fast, Medium or Slow • 1L & 2.5L

- Excellent cure
- Improved quality
- Built in UV stability

Extensive Field Trials:

When asked to compare Duxone® Plus to their current product across 10 key parameters, over 90% of field trial bodyshop participants indicated that they would purchase Duxone® Plus if released. Some comments were:

“Good hold up over primer”

“Very good build and flash off, easy sand”

*“Works well as a surfacer and hi-build,
good product, easy application”*

“Very good shine”

“Good clear, easy to work with overall”

“Stayed very glossy”

“Very easy to buff”

“Good gloss, easy to use”

“Excellent gloss and through cure”

“Loved the gloss & finish, good cure time”

“Big improvement over old clear”
